Q1.

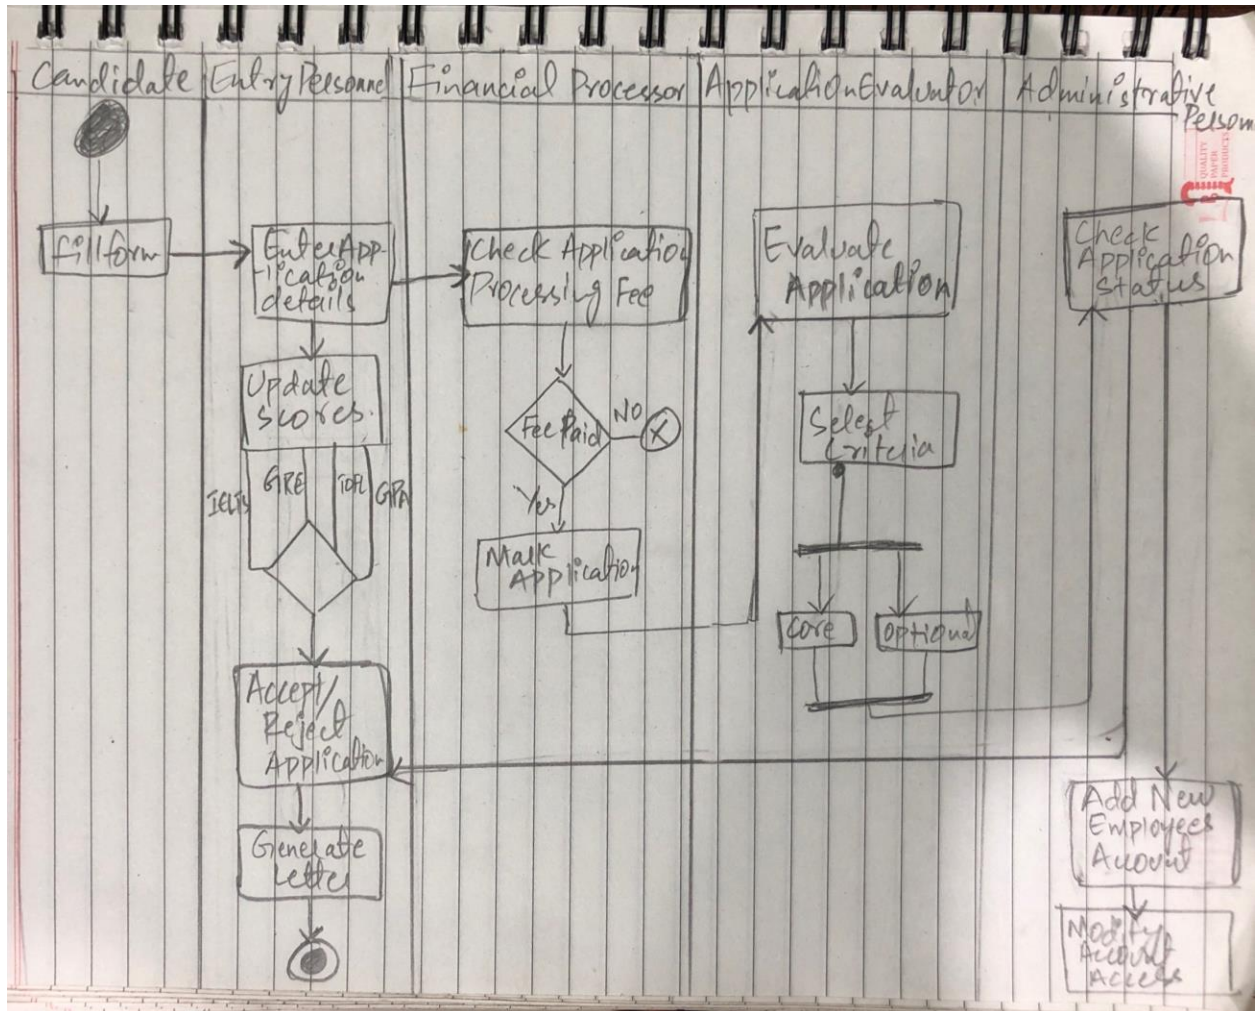

a)

b)

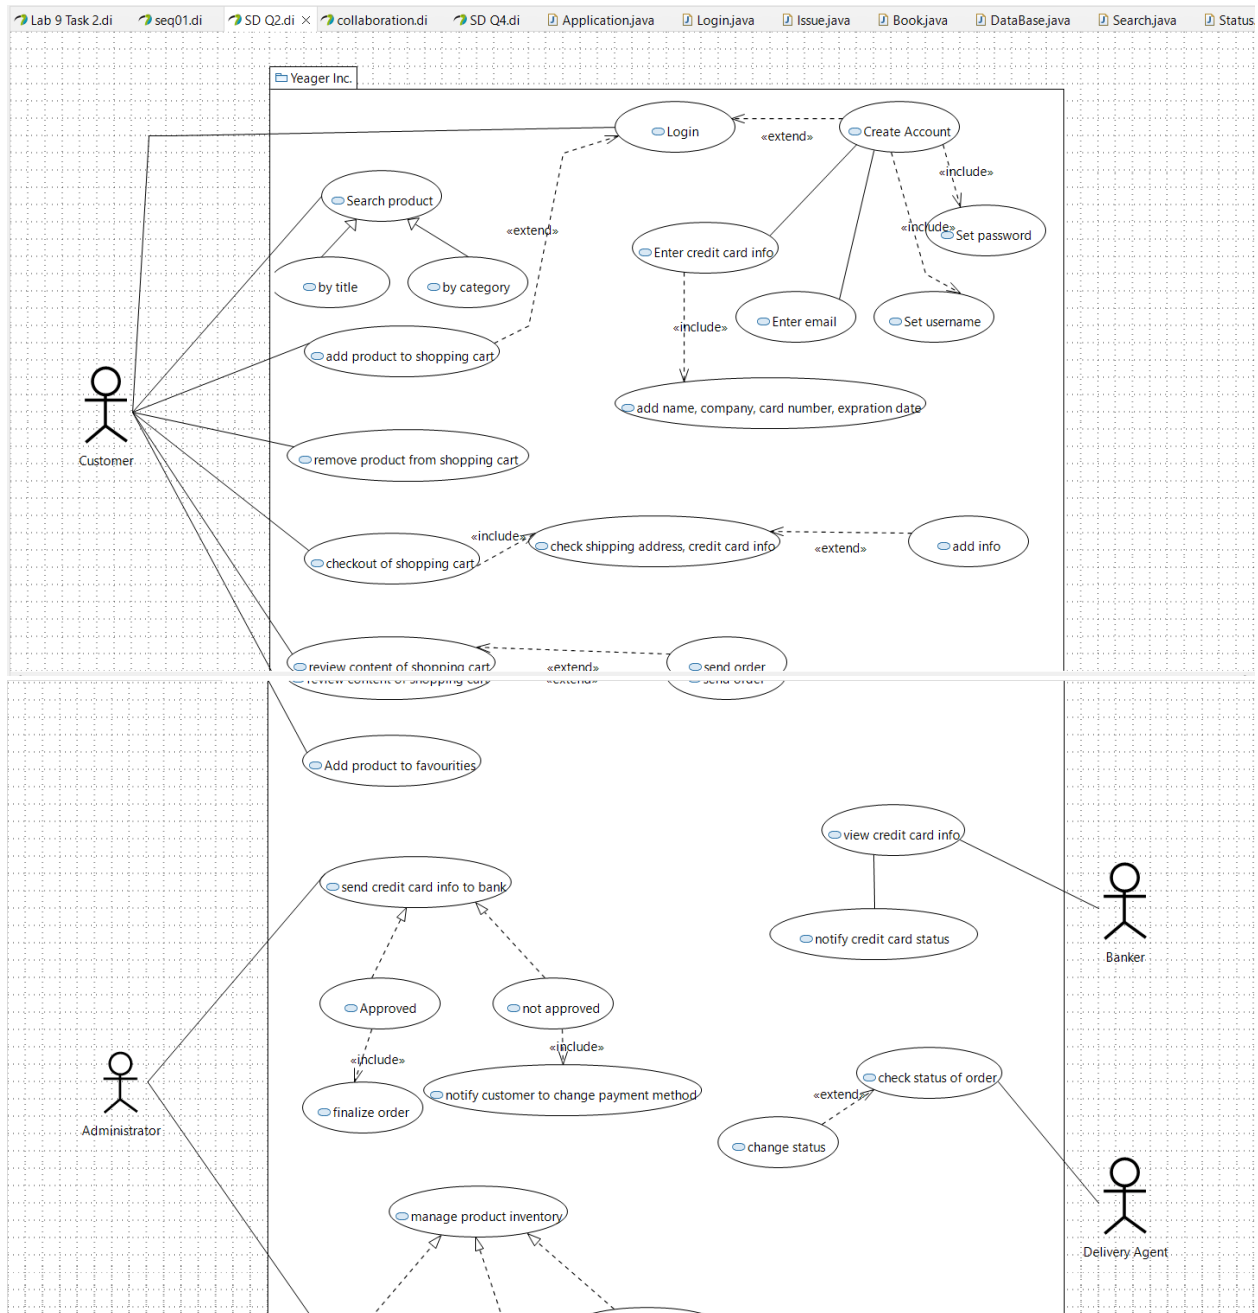

c)

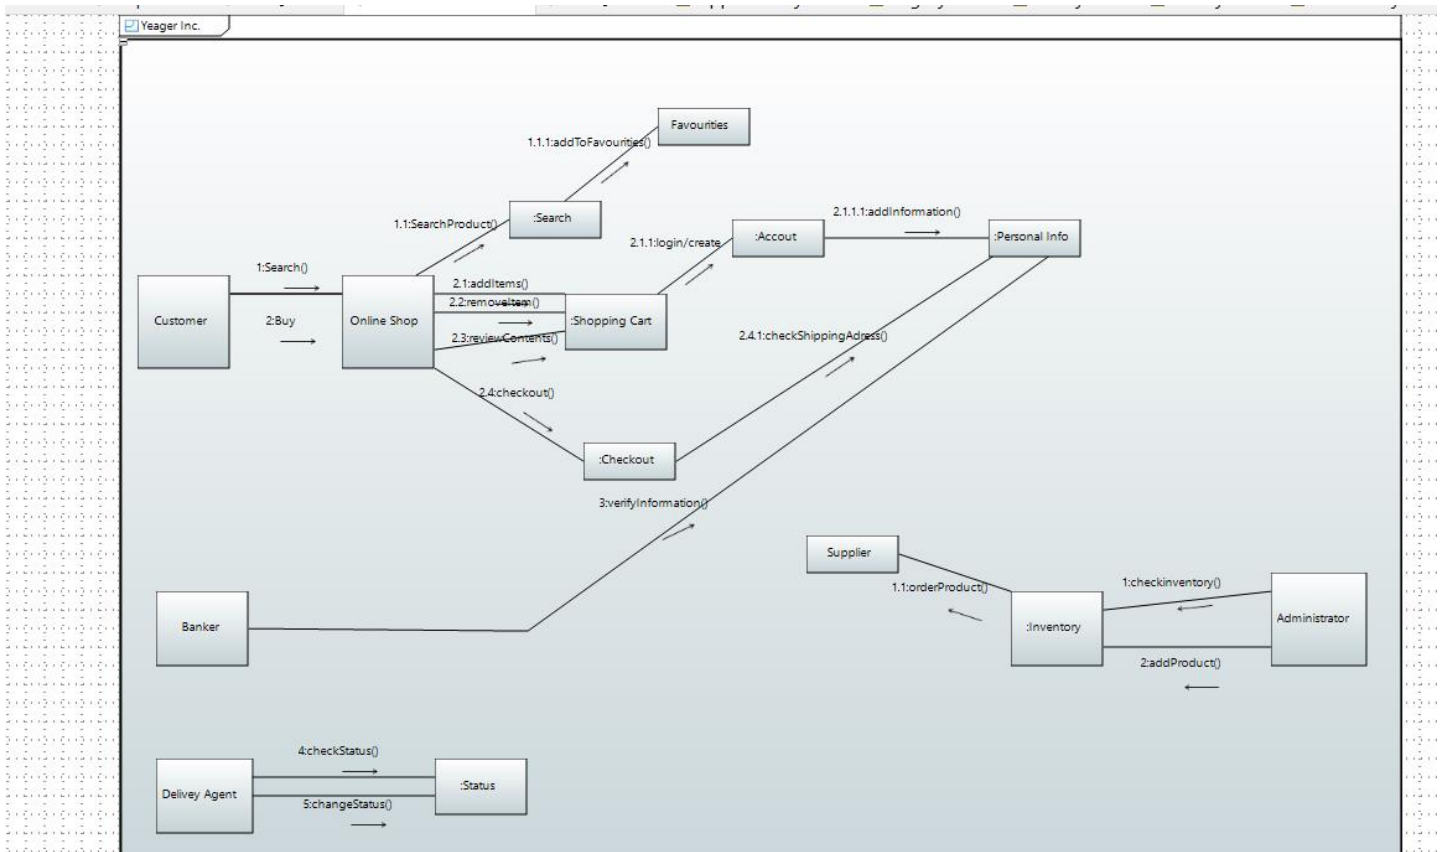

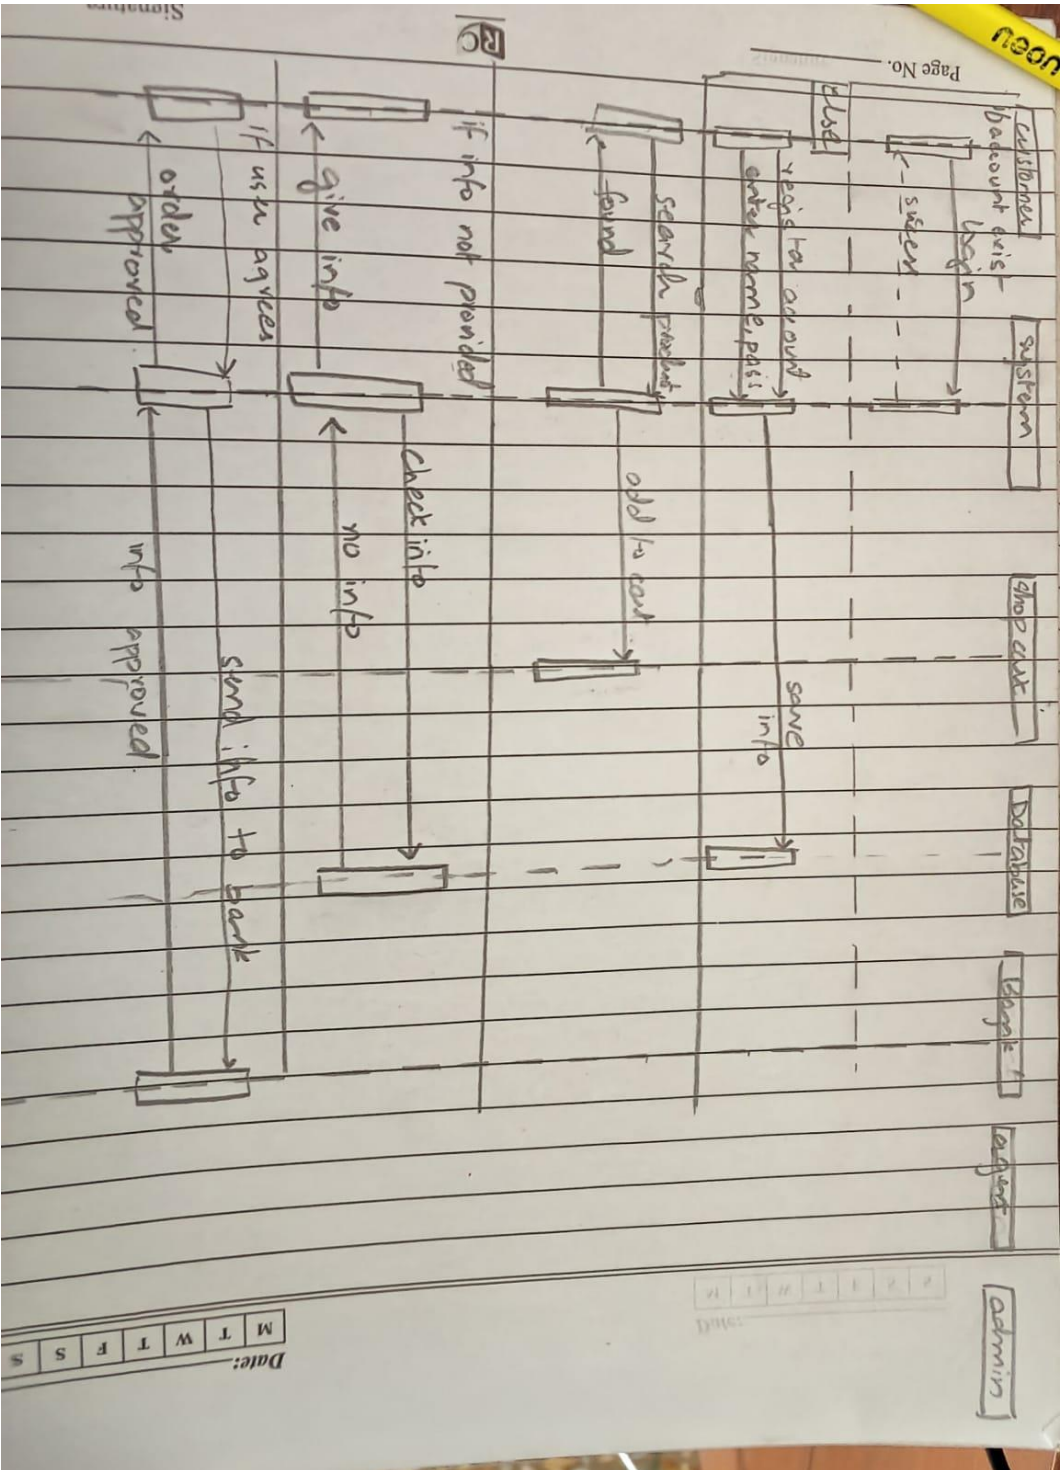

QUESTION 2

a)

b)

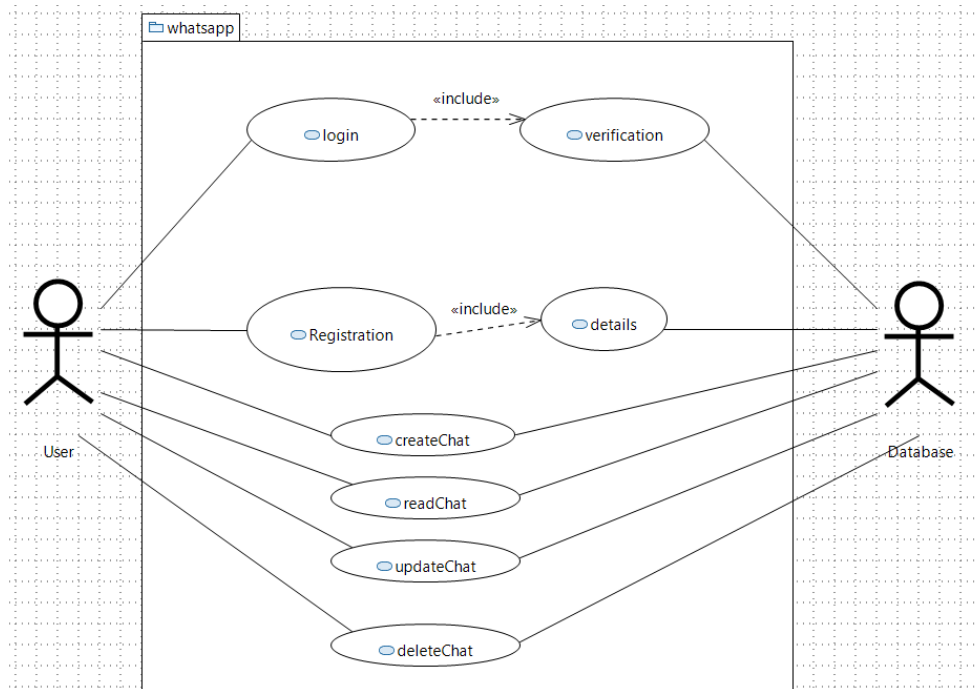

C)

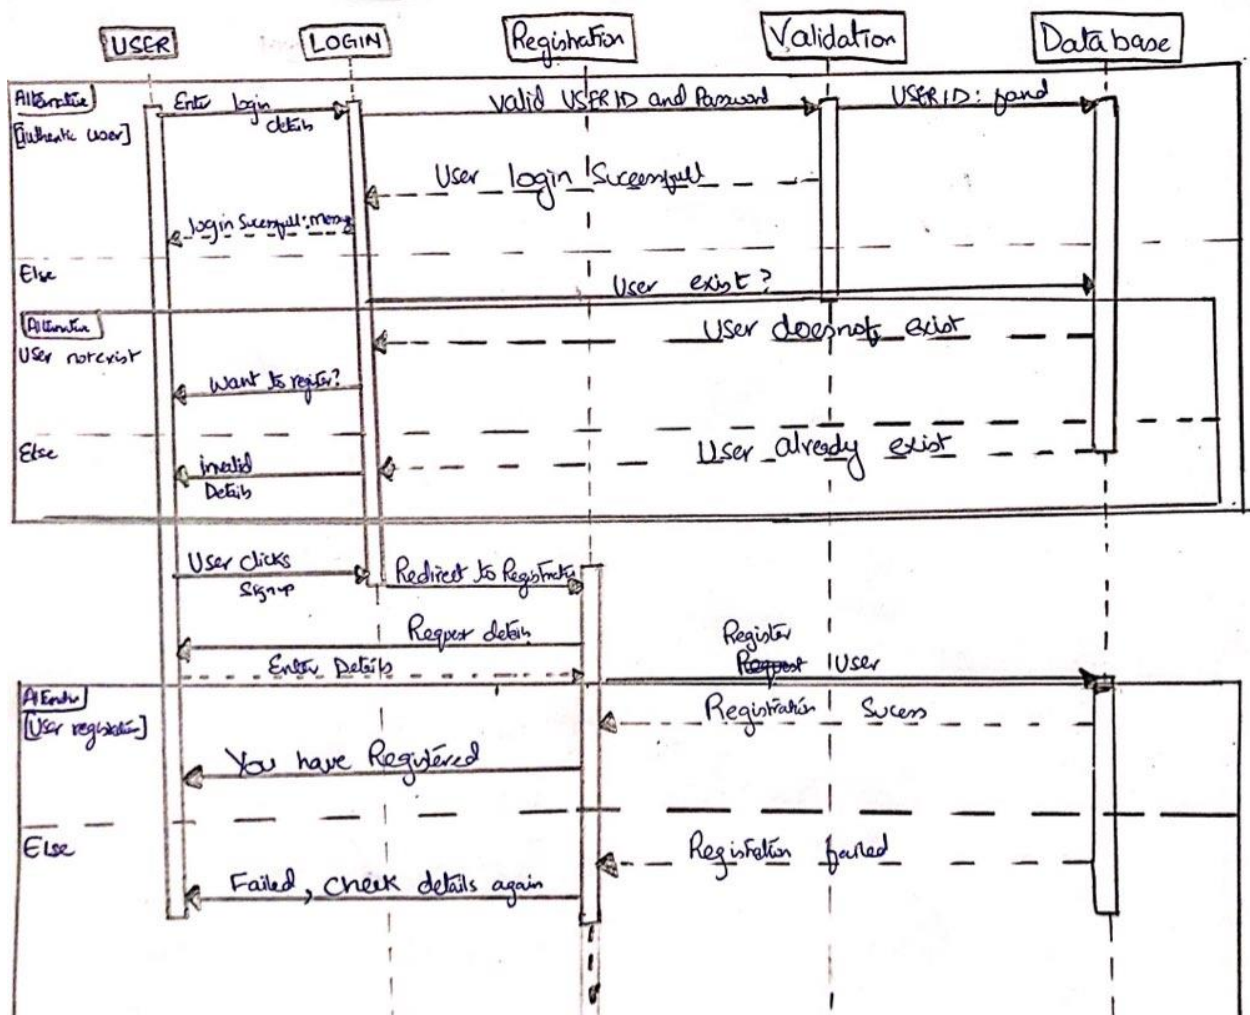

Question 3

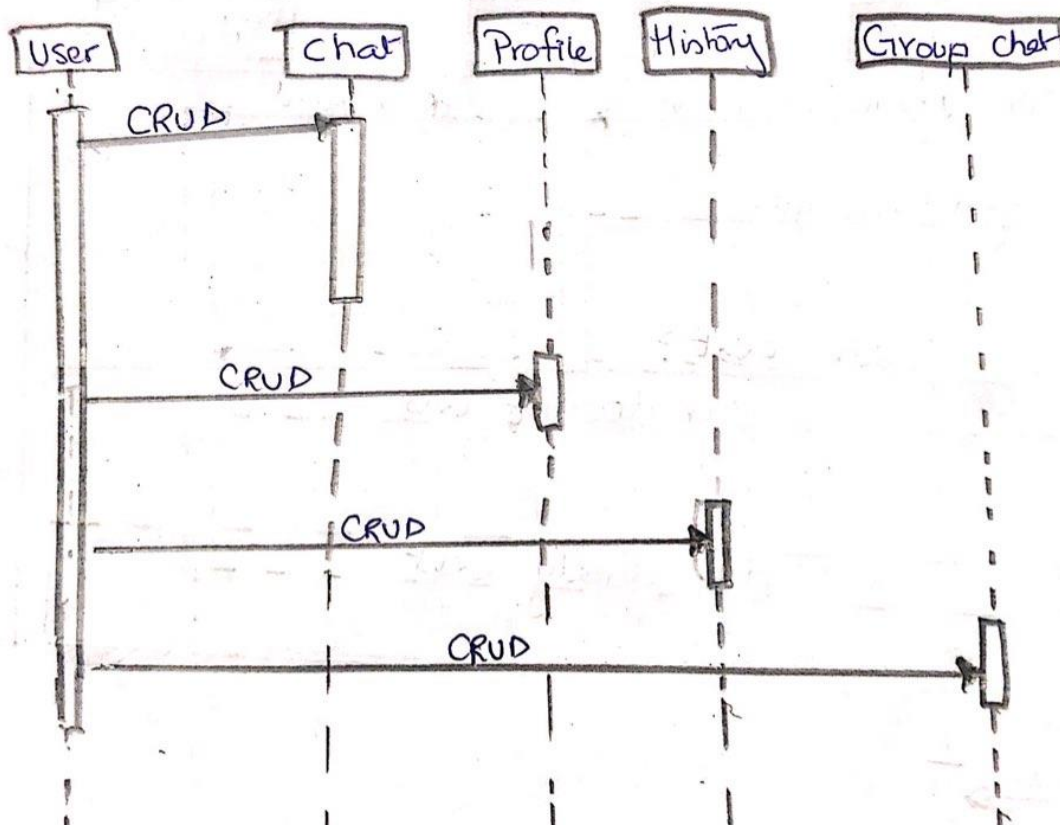

a)

b)

c)

QUESTION 4

a) Objects: User, Login, Book, Database

Functionalities:

- 1) Enter your details.
- 2) Verify details.
- 3) Search for a book.
- 4) Issue Book.
- 5) Pay the fine if the due date is passed.
- 6) Update database.

b)

```
public class Application {  
    /**  
     *  
     */  
    public void issueBook() {  
        // TODO Auto-generated method  
    }  
    /**  
     *  
     */  
    public void returnBook() {  
        // TODO Auto-generated method  
    }  
}
```
